WE LOVE DAIRY

IT'S AT THE HEART OF EVERYTHING WE DO

CEO MESSAGE

At Global Dairy Tech, we believe that the future of the dairy industry lies in innovation, trust, and sustainable growth. Our mission is not only to provide high-quality dairy solutions but also to empower dairy farmers, distributors, and businesses with advanced technologies and reliable products that enhance productivity, animal health, and profitability.

Chief Executive Officer —
ZAMAN CHAUDHARY

Since our inception, we have remained committed to delivering excellence in every aspect of our business. Through continuous research, strategic partnerships, and a customer-centric approach, we strive to introduce modern dairy technologies that meet the evolving needs of the industry while maintaining the highest standards of quality and integrity.

Since our inception, we have remained committed to delivering excellence in every aspect of our business. Through continuous research, strategic partnerships, and a customer-centric approach, we strive to introduce modern dairy technologies that meet the evolving needs of the industry while maintaining the highest standards of quality and integrity.

Global Dairy Tech (Pvt.) Ltd. has established on the mission to facilitate our clients with exceptional quality products and services.

Our corporate philosophy is to satisfy our customers diverse needs by giving the best value. Within year's we have earned the trust, confidence and achieved a leading position by providing outstanding sheds construction services. Besides that i believed in the professional team at **Global Dairy Tech (Pvt.) Ltd.** and would like to thanks our clients for putting their trust. Our team works closely with farmers to deliver shed solutions that improve workflow, protect livestock, and stand up to demanding environments. From planning to completion, we focus on reliability, safety, and performance ensuring each project adds real value to the farm.

As the industry evolves, we remain committed to building structures that support sustainable growth and future-ready dairy operations. Through strong partnerships and consistent workmanship, we are proud to play a role in strengthening dairy farms and the communities they serve.

OUR CORE VALUES

Our **core values** define who we are and guide every project we undertake. They reflect our commitment to delivering innovative, reliable, and sustainable dairy farming solutions that help our clients achieve long-term success.

Excellence

We strive for excellence in every aspect of our work by delivering superior quality, precision, and professionalism in dairy farm planning, construction, equipment, and consultancy.

Innovation

We embrace modern technologies, advanced engineering, and smart farming solutions to build efficient, productive, and future-ready dairy farms.

Integrity

We conduct our business with honesty, transparency, and accountability, building long-lasting relationships based on trust and ethical practices.

Customer Commitment

Our clients are at the heart of everything we do. We listen carefully, understand their unique requirements, and deliver customized solutions that exceed expectations.

Passion for Dairy Farming

Our passion drives us to support the growth of the dairy industry by providing complete, innovative, and dependable solutions that empower farmers to succeed.

Continuous Improvement

We are committed to learning, innovation, and continuous improvement, ensuring that our services remain aligned with evolving industry standards and customer needs.

OUR COMPANY

GLOBAL DAIRY TECH (PVT.) LIMITED

Complete Dairy Solutions

Global Dairy Tech (Pvt.) Ltd. is one of Pakistan's leading providers of modern dairy farm infrastructure, engineering solutions, and advanced livestock management technologies. Established with a vision to transform the dairy industry, we specialize in designing, constructing, and equipping world-class dairy farms that maximize productivity, improve animal welfare, and deliver long-term value for our clients.

With years of industry expertise, Global Dairy Tech offers complete turnkey solutions from initial planning and farm layout design to construction, equipment installation, and after-sales technical support. Our integrated approach ensures that every project is executed with precision, efficiency, and the highest quality standards.

OUR SERVICES

PLANNING & DESIGNING

We provide professional dairy farm planning and designing services tailored to maximize efficiency, animal comfort, and long-term profitability. Our expert team develops customized farm layouts by considering herd size, workflow, ventilation, drainage, feeding systems, and future expansion.

DAIRY FARM SHED CONSTRUCTION

Global Dairy Tech (Pvt.) Ltd. specializes in the construction of modern, durable, and high-performance dairy farm sheds designed to provide a safe, comfortable, and productive environment for livestock.

DAIRY MACHINERY & EQUIPMENTS

Global Dairy Tech (Pvt.) Ltd. supplies advanced dairy machinery and high-quality equipment designed to improve farm efficiency, enhance animal welfare, and maximize milk production.

LIVESTOCK

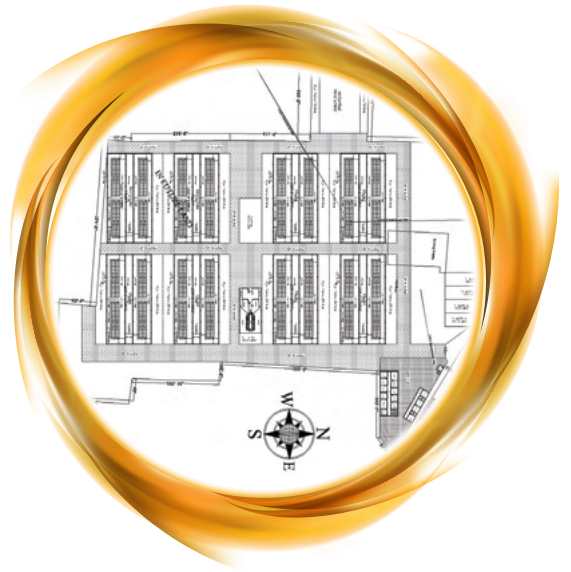

We assist farmers with modern livestock management practices, high-quality dairy breeds, and advanced farm technologies that promote superior milk production and overall herd performance.

CONSULTANCY

Global Dairy Tech (Pvt.) Ltd. provides expert dairy farm consultancy services to help farmers, investors, and agribusinesses establish and manage successful dairy operations. Our experienced consultants offer professional guidance in project feasibility, farm planning, herd management, housing systems, equipment selection, nutrition strategies, and operational optimization.

PLANNING & DESIGNING

At **Global Dairy Tech (Pvt.) Ltd.** we provide comprehensive dairy farm construction planning and designing services that combine innovative engineering, modern dairy management principles, and international construction standards. Our objective is to develop highly efficient, sustainable, and future-ready dairy farms that maximize productivity while ensuring the highest levels of animal comfort and operational efficiency.

Our planning and design services include site evaluation, master planning, dairy shed layout, prefabricated steel (PEB) structure design, ventilation and cooling system planning, feeding and watering arrangements, manure management systems, drainage solutions, milking parlour positioning, utility planning, and infrastructure development.

- ✓ ***Land selection & orientation***
- ✓ ***Space requirement per animal***
- ✓ ***Ventilation & airflow design***
- ✓ ***Flooring & drainage system***
- ✓ ***Feeding & watering Area design***
- ✓ ***Milking area & management flow***
- ✓ ***Future expansion & cost efficiency***

DAIRY SHED CONSTRUCTION

Global Dairy Tech (Pvt.) Ltd. specializes in the construction of modern, durable, and high-performance dairy farm sheds designed to provide a safe, comfortable, and productive environment for livestock. Our sheds are engineered with premium-quality materials, optimized ventilation, natural lighting, and efficient structural designs to enhance animal welfare, improve milk production, and withstand Pakistan's diverse climatic conditions. From small commercial farms to large-scale dairy projects, we deliver customized, cost-effective, and turnkey shed construction solutions that ensure long-term reliability and operational excellence.

DAIRY MACHINERY & EQUIPMENTS

Empowering Modern Dairy Farms with Advanced Technology

At **Global Dairy Tech (Pvt.) Limited**. We provide a complete range of high-quality dairy equipment designed to maximize productivity, improve animal welfare, and simplify farm operations. From advanced milking systems and milk cooling solutions to feeding equipment, ventilation systems, manure management, and cattle handling equipment, we deliver reliable solutions tailored to the needs of modern dairy farms.

Our equipment is sourced and designed to meet international quality standards, ensuring durability, efficiency, and long-term performance. Whether you are establishing a new dairy farm or upgrading an existing one, Global Dairy Tech is your trusted partner for innovative, cost-effective, and sustainable dairy farming solutions.
